THE REGULATORY REQUIREMENT
Under Article 50 of the MiFID II Delegated Regulation, an investment firm is obliged to “provide annual ex-post information about all costs and charges related to both financial instruments and ancillary services where they have recommended or marketed the financial instruments, or, where they have provided the client with the KID/KIID in relation to the financial instrument and they have or had an ongoing relationship during the year.”

WHO THE REGULATION WILL IMPACT?
• Platforms
• Intermediaries
• Wealth managers
• Discretionary managers
• Segregated & separate account providers
• Fiduciary account managers
• Robo advisors
• IFAs
• Some fund manufacturers

The Article also states that the information must be provided to the investor on a personalised basis and be based on actual incurred costs. The information takes the format of an Ex-post Costs and Charges Statement. The statement must also show the actual cumulative effect that these costs have on the return on investment for the investor.
