

New Enhancements: ReorgAction.com

The industry-leading solution for corporate action processing is now more efficient and user-friendly.

IN RESPONSE TO CLIENT FEEDBACK, WE'VE ADDED NEW ENHANCEMENTS, INCLUDING:

Template Customization

The site has been upgraded to allow client level branding and new customized templates for unique corporate actions. The site will support up to nine (9) separate election options with enhanced edit checks to ensure proper instruction formatting.

Withdrawal Feature

For eligible events, control numbers can now be reused for withdrawal of previously-submitted instructions.

EXPANDED EVENT-LEVEL CAPABILITIES

Rights Offers: Calculate and display the number of rights the shareholder has as well as the cash required to exercise.

Dutch Auction Tenders: Display and selection of price range and increments.

Gain a more complete view with improved ICS Portal Election Tracking.

Your operations team now has visibility into all account-level activity in real-time, helping to reduce back-office service time. New features include:

Election Capture

- Real time election instructions are automatically emailed to firm's back office for processing.

Election Tracking

- View event-level election activity via the ICS Portal, drill down to individual account election
- Post-reply deadline submission

Non-Reimbursable Mailings

- Integration of these events within ReorgAction.com
- Currently available as an addition to the regulatory distribution solution
