Investment Philosophy

The Commerce Core Bond CIT seeks total return through current income, and, secondarily, capital appreciation. The fund seeks to invest primarily in investment grade fixed income securities targeting an intermediate duration or cash equivalents.

Investment Strategy

Under normal market conditions, the Fund invests at least 80% of its net assets plus any borrowings for investment purposes (measured at the time of purchase) in debt securities. In seeking current income and capital appreciation, the Fund invests in a diversified portfolio of primarily investment-grade corporate debt obligations and obligations issued or guaranteed by the U.S. Government, its agencies or instrumentalities, including mortgage-backed and asset-backed securities, as well as municipal bonds. The Fund will provide shareholders with at least 60 days' notice before changing its 80% investment policy. The Fund may invest up to 80% of its total assets in mortgage-backed and asset-backed securities.
