Portfolio Construction

This equity Fund seeks global diversification across all market capitalizations with a focus on value. Under normal circumstances, this Fund seeks to invest up to 98% of its assets in equity mutual funds. The Fund will primarily invest in domestic value, international value, and emerging markets value mutual funds. The Fund will strive to increase potential expected long-term returns by favoring value over a more traditional "blended" markets or growth-oriented approach. This Fund may be appropriate for long-term investors seeking to be invested in the Fund for ten years or more.

Investment Philosophy

The StarPath Funds® investment philosophy is based on the following core beliefs for equity investing: Diversification reduces risk; Markets are efficient; Asset allocation is the key determinate of portfolio returns; Passive management is superior to active management; Asset class investing is superior to indexing. Rogers' core beliefs for fixed-income investing include: Invest in high-quality, investment grade fixed-income securities and Keep durations and maturities short to intermediate.
