## Portfolio Construction

The Conservative Fund is a strategic asset allocation fund that invests in a diversified portfolio through the use of mutual funds, ETFs, individual securities and other pooled funds. The primary objective of the fund is stability of investment principal and income. The Conservative Fund will typically allocate approximately 20% of its assets in a combination of U.S. and foreign equities, and 80% in bonds, a portion of which can be allocated to international bonds and cash vehicles. The Conservative Fund may also have an allocation to Real Estate, Commodities, or other alternative strategies to help it pursue its investment objectives. The Conservative Fund is designed for those investors seeking to minimize downside risk.

## Investment Philosophy

The Matrix Trust Company sponsored Strategic Roadmap Portfolios are a series of risk-based CIFs designed to provide retirement plan participants with broadly diversified portfolios that align with their own risk profile and time horizon. Steele Capital Management, the subadvisor to these funds, embraces strategic asset allocation using multiple asset classes and strategies.
